# These Pianos Have ....Led for Years.

In this age of quick Piano making, when ordinary and hastily constructed music boxes claim to achieve a reputation for merit over night, it's wisdom to weigh the factsstick to the known lines.

The Moses line of instruments were the standards long before four-fifths of the instruments on the market to-day were heard of. For centuries and halves and quarters of centuries they have been improved-made perfect. Each instrument is made by a factory that stands for

quality-that guarantees by its trade-mark its reputation. Four generations have labored to perfect them in some instances.

Thus the Moses line of Pianos ARE, HAVE FOR CEN-TURIES BEEN, and WILL CONTINUE TO BE the standards by which ALL instruments must be measured, Too much cannot be said about their cases, tone, style and enduring qualities.

The prices are the lowest, considering the quality. You can buy and pay by the month. Write for full information. Here's the line:

Steinway, Hardman, Kimball, Wheelock Standard

Stuyvesant, Haines, Weser and Brewster.

We are retail and wholesale distributors of the VIC-TOR Talking Machines in Virginia and North Carolina. We are agents for the PIANOLAS and PIANOLA PIANOS.
